Circuit Court Adjourns.

The March term of the Bourbon Circuit Court adjourned Saturday afternoon after a busy three weeks session. Special Judge Butler Southgate, of Lexington, who presided during the term in the absence of regular Judge Robt. L. Stout, gave universal satisfaction. He was industrious and kept the attorneys moving, thereby clearing the docket of a number of cases that had been hanging fire for several terms of the court. Fairness by Special Judge Southgate was one of the predominating features in every case decided by him. He has a bright legal mind and showed through the entire term that he possesses all of the qualifications that Circuit Judge should have.

The last important case before the court Saturday was that of J. M. O'Brien suing for the use of Bourbon county against J. W. Thomas, Jr., and in the case of Bourbon county on appeal from an order of the Bourbon Circuit Court against J. W. Thomas, Jr., etc., the court entered an order consolidating the two cases and sustained demurrers to the answer filed in both cases with the exception of one paragraph to which no demurser was filed for the claim of \$102 for attending meetings of the Fiscal Court, and the attorneys of the plaintiff and defendants entered into an agreement by which the judgment is to be entered in favor of plaintiff, J. M. O'Brien, for the use of Bourbon county, against the defendant, J. W. Thomas, Jr., for the entire amount sued for in the petition with the exception of \$102, and the attorneys further agreed that this case will be taken to the Court of Appeals, and the other cases to remain on the docket as they are, with the agreement that judgment shall go in these cases in accordance with whatever decision the Court of Appeals makes in the above styled case. The plaintiff was represented by T. E. Moore, Jr., and the defendants by McMillan & Talbott.

The other cases are J. M. O'Brien suing for the use of Bourbon county vs. J. D. Dejarnett, A. C. Ball, J. T. Barlow, H. C. Ingram, James H. Hopkins, J. P. Howell and L. C. Anderson.

If the decision against Thomas is affirmed by the Court of Appeals, Bourbon county will recover in round numbers about \$13,000.

Mr. and Mrs. E. M. Dickson were called to Richmond yesterday by a telegram announcing the sudden death of the latter's brother, Mr. Rutherford Blanton. No further particulars could be learned. He is survived by his wife, nee Miss Laura Shackelford, and two children. He was the son of Rev. Dr. L. H. Blanton, of Richmond, and was well-known in this city.

Meeting Closed.

Rev. Dr. J. Addison Smith, of Richmond, who has been assisting Rev. Dr. B. M. Shive in two weeks meeting at the Second Presbyterian church, closed the meeting Sunday night. Dr. Smith is a gifted pulpit orator, an eloquent and forcible speaker. His sermons were principally addressed to church members. His series of sermons were strong and to the point. He was one of the most fluent speakers ever heard in our city, and his references to ancient and modern history were remarkable. His preaching will long be remembered by those who heard him, and will redound to much good in this community. There were three additions to the church during the meeting.

Tax Wealth, not Poverty.

Debate upon the tariff was begun last week in the House by Mr. Payne. He and his associates have many things to explain.

Why is tea to be taxed eight and nine cents a pound? Wayne MacVeagh has told Mr. Payne, in a letter worthy of the lofty idealism of an austere past, that many rich men would prefer to pay taxes that would rob them of no luxury rather than see increasing burdens laid upon "those less fortunate brothers whose lives are passed in that increasing calculation of sorrow where hard toil sometimes provides—and some times fails to provide—sufficient daily bread." Why not leave tea free and make the inheritance tax, as Mr. Carnegie suggests, "good and stiff?"

Why leave upon sugar a tariff of nearly two cents a pound, which Mr. MacVeagh truly calls infamous, as it often takes from the laboring man more than from the richest multi-millionaire? Why not make sugar free, saving \$10 or more a year for a poor man with a numerous brood, and get revenue by a constitutional graduated income tax? Why, as Mr. MacVeagh asks, exempt from proper taxation the "colossal incomes and colossal accumulations" of surplus wealth?

Why raise the tariff rates on machine-knit stockings, gloves and a dozen other articles of the commonest use? Why keep the wool rates nearly at the preposterous height which, as Franklin Pierce shows, compels poor men to shiver in shoddy and cotton in our bitter winds?

Will not the maximum and minimum provision, as suggested when the bill was reported, in practice rob the consumer? The maximum rate must be enforced against Brazil because she has an export coffee duty. That would mean nearly a cent a pound tax upon three fourths of all the coffee we get. The "retaliation" would be upon the American people. It has been suggested that we might be obliged to use the maximum rate even against our best customer, Great Britain.

So far as the Payne bill does reduce the tariff upon important staples, as in steel, wood and paper schedules, it is a short step in the right direction. But it leaves tariff rates still far beyond defensible limits. It perpetuates the plundering of the consumer. It is, as the minority report says, "sectional and prohibitive." It leaves the inevitable great battle for tariff reform and uncertainty still hanging over the business community. It is but a stop to public opinion.

Yet clear and plain lies the path of fiscal common sense. Tax wealth, not poverty.

Got 'Em at Last.

Green R. Keller, the senior editor of the Carlisle Mercury, has got 'em at last—snakes? no, wuser and more of 'em—rats! Poor Green, one of the best that ever happened, it's sad.

We have at times thought that the religious spouts made by our dear brother occasionally that he had crossed the line and had landed in the right path, but one cannot always tell. It is said that he began to stumble back into the old ways when local option hit his town—was all right until they voted the canteen in and sidetracked the growler.

His brother editors would not be so shocked if it was snakes, white elephants, or even fishing worms that were troubling him, but for them to think that it is the pestiferous rats makes them quiver in their shoes for poor Keller, who is one of the bright

est, jolliest and all-round good fellows in Kentucky.

He has gone so far as to issue a proclamation setting forth May 17 as "rat killing day" in Nicholas. To save our noble Keller to his friends we pray you, Nicholas county people to rid your county of these varmints.

Punishment for Kidnappers.

The kidnaping of a child always prompts a demand for drastic laws for the punishment of kidnappers, says the Philadelphia Ledger. The law of Pennsylvania fixes the maximum penalty for kidnaping at life imprisonment, and is a good law. Certainly it would be unwise to provide capital punishment, as has been suggested within a few days. Undoubtedly miscreants who thus play with life and death and bring the furies to the door of the parents of the stolen child deserve no clemency. They should be outlawed then blotted from the earth's activities, but capital punishment would probably not be more efficacious in preventing kidnaping, and it would almost assure the death of the kidnapped in case of pursuit and threatened capture of the criminals. The parents of the kidnapped in this and in all other cases play, to a certain extent, at cross purposes with the State and the police, who naturally are eager to pay any price to command to protect the criminals, to thwart the police and the cause of justice, and to do anything under heaven if they may but receive their own back safe and sound. This is human nature, and every father and mother would do likewise. The interests of all other fathers and mothers and their children, require above all things, that the criminals shall be caught at all hazards. One of the chief objects is, of course, to retrieve the boy alive and well, but a greater object is to seize and to punish the vile criminals. The safety of other families makes it imperative that kidnappers shall never escape with their booty, and that the most desperate criminals will always avoid the crime, even when it is suggested, because it is too hazardous.

Will not the maximum and minimum provision, as suggested when the bill was reported, in practice rob the consumer? The maximum rate must be enforced against Brazil because she has an export coffee duty. That would mean nearly a cent a pound tax upon three fourths of all the coffee we get. The "retaliation" would be upon the American people. It has been suggested that we might be obliged to use the maximum rate even against our best customer, Great Britain.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antifermen.

It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root, and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root, and Bloodroot in adding to the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe obstinate, hang-on, chronic coughs, bronchial and laryngeal, chronic coughs and chronic sore throat with hoarseness. An acute cough it is not so effective. It is the lingering hang-on, or those of long standing, etc., when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine: "In dyspepsia it serves an excellent purpose. Holding a small quantity of the glycerine in solution it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis, catarrhal inflammation of the stomach. It is a valuable emollient preparation. Glycerine will relieve many cases of pyrexia (feverish) and excessive gastritis (stomach acidity).

"Golden Medical Discovery" enriches and strengthens the blood, curing blisters, pimples, eruptions, serpentine swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

A New Railroad.

The days of building great lines of railway are about over and railroad building of the present day is mainly devoted to the further development of the systems already existing, or short lines to open some particular local territory. A short but important road is that to be constructed from Pikeville to the Virginia line. It will be called the Carolina, Clinchfield & Ohio road. At Pikeville it will connect with the Big Sandy branch of the C. & O. and at the other end with the Virginia and West Virginia system. It will give the C. & O. a Southern outlet to the sea and will give to the Eastern Kentucky mountains another outlet for their rich products.

Night on Bald Mountain.

On a lonely night Alex Benton, of Fort Edward, N.Y., climbed Bald Mountain to the home of a neighbor, tormented by asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. Coughs, Colds, Croup, Hemorrhages and Sore Lungs are surely cured by it. Best for Hay Fever, Grip and Whooping Cough. 50 cents and \$1. Trial bottle free. Guaranteed by Oberdorfer, the druggist.

STOCK, CROP AND FARM NOTES.

The members of the Kentucky Racing Commission will hold a meeting in Lexington next Thursday, April 1, to determine the date of the race meetings this year in the State.

A mare belonging to J. A. Wagoner, of near Paris, who lives on the Cynthiana pike, on Thursday foaled a mule colt with seven feet. The hind feet were normal but one front leg had two distinct feet and the other had three feet. The colt died.

—Ida M. Tarbell says the tariff on hides makes it necessary for the American people to pay \$30,000,000 a year more for their shoes than they would have to expend if the raw material for leather were admitted free. The man who has to buy shoes for three or four active boys will regard Miss Tarbell's statement as a very strong argument in favor of having hides taken up for immediate consideration when Congress begins revising the tariff.

—The high prices received for Jack stock at the recent public sales held in Missouri and elsewhere would indicate that the demand for high-class Jacks in this country is greater than ever before. We cannot recall a time in history when mules demanded such large prices as they do today. Neither the importation of the draft and foreign coach horses, the invention of new and improved farm machinery, the electric car or automobile have detracted from the usefulness of the mule.

—Once more an effort is being made in Congress to abolish the tax on tobacco allowing the sale of leaf tobacco at any quantity without payment of the six cents per pound tax. The bill, or one similar, has three times been passed by the House, and it has often died in the finance committee of the Senate, of which committee Senator Aldrich, closely connected with the tobacco trust, is chairman.

—There is a great deal of complaint from the Southern part of Barren county of havoc to poultry by foxes. About a year ago a mad dog scare in that section almost depopulated the canine family. Since the dogs are all dead, the foxes have appeared in great numbers. They do not wait for night fall, but walk into the yards at any time during the day, catch a hen and make off to the woods.

—To show the farmers of Kentucky that they can increase their wealth by raising alfalfa and using the seed corn recommended by the Agricultural Department, General P. P. Johnson, Adjutant General of Kentucky, has put as many acres as necessary of his fine farm near Lexington at the disposal of the Department to make the tests. He will buy the seed, employ the labor and furnish the land and have the crops cultivated under the direction of the Department.

—Prof. E. S. Goode, of the State Experiment Station, in a lecture delivered before the class in Agriculture of State University shatters the old tradition so firmly established in the South that the turkey buzzard is an innocent and useful scavenger and should be protected from all harm. Prof. Goode, whose lecture was on the subject of hog cholera, declared that the buzzards are among the most active agents in spreading this destructive disease, and that instead of the State having a law to protect them the Legislature should pass an act requiring the destruction of every buzzard in the Commonwealth. Why not bury the dead hogs?

Force to Meet Force.

Force will be met with force in the collection of the railroad tax in Carter, Elliott and Grayson counties, and it is probable that the State troops will be used to help the county officials make the collections.

The payment of the tax which is assessed against these counties, on bonds issued for railroads, is being resisted by these three counties, as well as several other counties in the State, and Gov. Wilson has announced that he will force the collection of the tax even to the extent of meeting force with force, and it was stated by Adjutant General P. P. Johnson that it was quite possible that the soldiers might be sent to those counties to force the collection if the civil authorities are resisted.

The Governor and General Johnson were asked about the proposed use of the militia and General Johnson said the soldiers might be sent. It is the policy of Governor Wilson, he has said, to enforce the law and he believes that it is his duty to enforce the collection of the judgments against the counties which have defaulted in the payment of the railroad bonds.

The same conditions that prevail in Carter, Elliott and Grayson counties also exists in Green and Taylor counties and probably in still others. The people feel that they never obtained any benefit from the bonds which were issued and they have refused payment on the ground that the railroads never were built.

A HURRY UP CALL.

Quick! Mr. Druggist—Quick!—A box of Buckler Arnica Salve—here's a quarter—for the love of Moses, hurry!

Baby's burned himself, terribly—Johnnie cut himself with the axe—Mamie's scalded—Pa can't walk from piles—Billie has boils—and my corns ache.

She got it and soon cured all the family. Its the greatest healer on earth.

Sold by Oberdorfer, the druggist.

Go With a Rush.

The demand for that wonderful Stomach, Liver and Kidney cure, Dr. King's New Life Pills—is astounding and Oberdorfer, the druggist says he never saw the like. Its because they never fail to cure Sour Stomach, Constipation, Indigestion, Biliousness, Jaundice, Sick Headache, Chills and Malaria. Only 25 cents.

Positive Proof Found.

Positive proof was found Friday at Vincennes, Ind., that Mrs. Russell Culbertson wrote the threatening letters to herself and that she committed suicide. Her own stationery upon which she wrote letters to her husband contains the same water mark as the stationery upon which the threatening missives were found. Her relatives now are convinced that she killed herself.

Denounces Football.

President Eliot, of Harvard, in his annual report again advocates a three-year course for bachelor degrees of arts and science, notes that notwithstanding the hard times gifts to the university amounted to \$891,896 and once more denounces football as a demoralizing spectacle and unfit for college sport.

Revokes Roosevelt's Order.

After consideration at the Cabinet meeting Friday President Taft ordered the restoration of marines on board naval vessels upon the same footing that they were before the Roosevelt order, relieving all of them from ship duty was issued some months ago.

Congressmen Get Hot.

In the heat of the tariff debate Friday a personal encounter between Representative Byrd, of Mississippi, and Fordney, of Michigan, was narrowly averted. Mutual explanations and apologies were made later. Mr. Fordney, in his speech, argued for a retention of the Dingley duties on lumber.

Asks for Only \$10,000,000.

In view of the deficit in the Treasury, Director North, of the Census Bureau, has withdrawn his request for an appropriation of \$14,117,000 for the next census and has substituted a request for \$10,000,000.

Boost Your Town.

The Madisonville Hustler says: "It is easy but almost inexcusable for a man to run down the place in which he lives—his home town. No talent whatever is required to do this. All that is necessary is to persistently talk about its shortcomings, which usually are few. And to ignore its advantages, which in almost every case are many. The kickers and knockers on their home town would do well to cultivate a little local patriotism, a quality that is too often sadly neglected."

Astounding Vitality of the Turtle.

The vitality of this strange sea creature, the turtle, after decapitation is almost beyond belief. A large turtle was once sent to a hotel in New Castle. The chef cut the turtle's head off and hung the body upside down to bleed. Twenty-four hours after that turtle knocked down a man cook with one blow of its fin. The green turtle is not a vicious creature to handle, like its snapping Japanese brother, but its fins are very strong, and one blow from them is quite sufficient to break a man's arm.—Wide World Magazine.

An Apprentice.

"Father, what does 'apprenticing' mean?" asked a boy in quest of information.

Father—"It means the binding of one to another by agreement, and that one person so bound has to teach the other all he can of his trade or profession, while the other has to watch and learn how things are done and to make himself useful in every way.

Freddie—"Then I suppose you're apprenticed to mother, aren't you, dad?" And the old man rashed off to catch a train without saying a word.—London Scraps.

Client (entering the office of a newly wedded Yorkshire solicitor)—my next door neighbor has spitefully built a fence close to my dining room windows, thus darkening the entire room. What can I do?

Lawyer—"Try lighting the gas. Ten shillings, please!"—London Tilt-Bits.

Advantages of Red Hair.

An eastern editor is wasting time and space showing that red haired girls need no pity. Of course they don't. Men admire their hair and women envy it. The blonde and the brunette have a bit the better of the flame colored girl in a variety of colors they can use: There the superiority ends, for given the proper hue, the one that sets off her crown of red to the best advantage; the bricktop has her sisters "beaten to a frazzle," in the Rooseveltian language. An artistic red haired girl is the most striking and impressive picture that femininity makes.

It's the boy with the caroty locks who deserves sympathy and doesn't get it. Red hair usually goes with a sensitive disposition, and the horrors of the life that a bricktop leads at school and play need a Dante of childhood to set forth. He is the target of all the wit and satire the schoolboy mind can conjure up, the butt of jokes. Even sympathetic girls get a Roman amphitheater crust over their kind hearts. If they don't indulge in these scaringly personalities they laugh at them.—Cleveland Leader.

JOHNSON & MADDEN.

Elder W. A. Gardner is conducting a special meeting in Millersburg at the Church of Christ. He is assisted by Dr. Burroughs and the local singers. Aside from the preaching the musical program is made especially interesting and helpful by new songs, vocal solos and by the best cornetist in the State, barring none, Mr. Gardner having played with the best band in the country. Meetings are well attended. Following are the subjects for the remainder of the week:

Tonight, "The Heart;" Wednesday, "The New Birth;" Thursday, "The Church Jesus Built;" Friday, "Prepare to Meet Thy God;" Sunday morning, "The Second Coming;" Sunday evening, "Christian Union."

Miss Virginia Hutchcraft, who is attending a kindergarten school at Louisville, was one of seven selected

last week to appear before the school board and woman's club, of that city, to demonstrate the kindergarten work.

Miss Hutchcraft is preparing for a teacher in this work. She is one of our most popular young ladies, with a multitude of friends and admirers, exceedingly brilliant, having graduated from the Millersburg Female College last May.

The last number of the lyceum course will be Gilbert Atice Eldridge, impersonator, at the opera house Tuesday evening, March 30, at 8 o'clock.

Mr. Eldridge comes highly recommended and is pleasing in every particular.

Seats go on sale Saturday morning,

March 27, at the drug store of Smith & Wade. General admission 35 cents; reserved seats 50 cents.

Mr. Eldridge presents a widely varied, artistic and popular repertoire of costumed impersonations of a high order, changing quickly from humorous to pathetic and dramatic to sentimental representations.

He is today one of the most practically certain attractions on the platform. During the last two years he has filled more than two hundred engagements and we have yet to hear of an adverse criticism. His line of work reaches all classes from those who like the subtle humor of good old "David Harum" to the tragedy of "Julius Caesar."

We bespeak for him that degree of consideration which we know his merits deserve.

The reception given by the Senior and Junior classes of the Millersburg Female College Friday evening has been pronounced the most delightful

social function ever given in the town. It was the first reception given since the furnishing of the new building was completed and it was carried out on an elaborate scale.

The floral design and the touch of lavender and white in the parlors showed the presence of the senior class, while the red and green decorations of the library told of the junior class. Dainty refreshments served were in the class colors too. In the offices, a touch was given of the old gold and black, the college colors.

Delightful music was rendered by the Covington Y. M. C. A. orchestra, Prof. E. S. Fogg, leader. So far as could be ascertained from the register and otherwise, over three hundred guests were present. Among the guests from out of town were the following:

Misses King, McIntyre and Darnall, of Carlisle; Misses Liver and Barber, of Clintonville; Miss McConnell, of Danville and Miss Thomas, of Wilmore; Messrs. Atkins, Huffman, Campbell, Becker, Talbott, McDonald, Wills and Coons of Lexington; Messrs. Howard, Grover and Reese, of Mayslick; Messrs. Sharp and Wallingford, of Maysville; Mr. Houchens, of Chaplin; and Disher, of Winchester; Messrs. McDaniel, Van Deren, Pindexter, Foster and Cooke, of Cynthia; Messrs. Bacon, Butler, Turrell, Gaitskill, Arnsperger, Batterson, Weeks, Tipton and Ligon, of Paris; Messrs. Redmon, Sledd, and Everman, of North Middletown; Messrs. Meng, W. T. Bryan and J. C. Bryan, of Little Rock; Mr. McClure, of Mt. Sterling; Messrs. Collier and Strother, of Carlisle; Mr. Bowden, of Flemingsburg;

and Mr. Gillespie, of Louisville.

"The Cry Baby" a real comedy drama, with a metropolitan company supporting the popular young character actor, G. Carlton Guy, will be the attraction at the opera house for two performances, matinee and night, Saturday, April 3. "The Cry Baby" is a great play unfolding a story of heart interest, laughter and tears, Sorrow and joys.

Mr. Webb Reynolds was taken critically ill Thursday night under peculiar circumstances. At supper time he seemed apparently well and enjoyed a hearty meal. About half past seven he left his room in his socks feet and after being absent a few minutes his wife went to look for him, but he was nowhere to be found.

Becoming alarmed she called up her neighbors by telephone and acquainted them with the situation. Mr. Lindsay Stewart was one of the first to arrive, and after several had gathered a search was instituted, which lasted about two hours and a half.

About 10:30 the searching party returned to the home, and as they entered the front door Mr. Reynolds entered a rear door without shoes, coat or vest, falling at once on the bed in his room without uttering a sound.

Dr. Huffman was summoned immediately, remaining with him until the following morning. The medical examination revealed no evidences of an attempt at foul play.

About 7 o'clock, Friday evening he regained consciousness and is at present resting comfortable, though his condition is yet regarded as serious. There is no indication of spinal meningitis as has been published, nor did the attending physician pronounce it such.

Cashier R. J. Neely Resigns.

At a meeting of the Directors of the Deposit Bank, of Paris, Mr. R. J. Neely, on account of his health, resigned his position of Cashier, and Mr. Clarence Thomas, Assistant Cashier, was elected cashier in his place. Mr. Fayette Ardery, son of Mr. Sidney Ardery, was elected bookkeeper in Mr. Thomas' place.

Mr. Thomas is among the youngest of bank cashiers in Kentucky, and has won this position of trust by his own merits. Eight or nine years ago Mr. Thomas accepted a position of clerk at the Citizen's Bank, in this city, and after a year with this institution accepted a similar position with the Deposit Bank, where, by his faithful and efficient services the Directors of that institution elected him to the position of Cashier.

This is indeed a deserving promotion for this self-made young man, who is held in the highest esteem by all who ever came in contact with him. He holds the confidence of the people of this city and county and no better selection could have been made to fill the place of the popular R. J. Neely, who retires.

Ten Vice Presidents will be chosen from the different States at the national convention of the Daughters of the American Revolution to be held later in this year. Mrs. Arnold is a Bourbon county woman, being a sister of Messrs. T. H. and W. G. Talbot, of Mt. Lebanon, this county. She is related to many of the most prominent and greatest history making families of the Blue Grass region. She is an accomplished woman as well as a competent parliamentarian. The Talk of the Town.

"Watch for the Search Light," has become a common phrase and is often heard on our steets, its origin being from the advertising matter of the Midland Amusement Co., who will reopen the Paris Grand on Monday, April 15, with a high-class vaudeville and motion picture show.

The search light will no doubt prove to be quite an advertisement for the house, as it is a huge 2,000 candle power light of the steamboat type and will be mounted on top of the opera house and its rays thrown all over Paris and the surrounding territory and will no doubt serve as a gentle reminder to all prospective patrons.

The vaudeville program will be furnished by the Sullivan-Considine Circuit and not the Gus Sun Booking Agency, as stated in our last issue, as the management has arranged with this well-known firm, whose motto is "vaudeville's best," to furnish them split-week attractions with the Majestic Theatre, of Lexington, it is needless to say that each performance will be well worth seeing.

The regular announcement of the opening appears on page four of this issue. The billing and full program for the opening night will be published Friday.

Mild Laxative for Baby Free

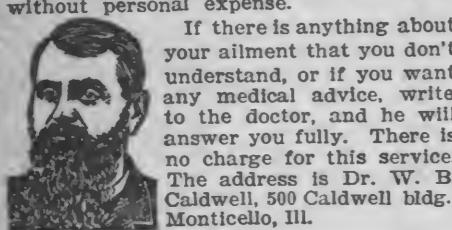

The child of today is the parent of the future, and whether it grows up healthy and strong, or puny and weak, depends upon the intelligence of its parents, for most children are born into the world healthy, but thousands become future weaklings between birth and the age of ten, when the parents are still in greatest control.

The prime cause of trouble is in the stomach. A baby that is digesting its food seldom cries and always looks cheerful; the little child whose stomach is good grows and plays well; never when it grows up becomes weak at school and is eager for fun if its head is clear and its stomach light, and that means if it has no constipation.

The best and safest way to cure any irritation of the stomach and bowels in children is by the use of Dr. Caldwell's Syrup Pepin. This is a liquid laxative wonderful in its effect as Mrs. John W. Dunham, Apple Creek, O., Mrs. H. L. Cullum, Plainfield, Ind., and numerous others can testify who give it to their children with extraordinary results.

A bottle only costs 50 cents or \$1 according to the size you want, and even one 50-cent bottle will do a wonderful amount of good in a family. It can be given to any member of the family in constipation, sour stomach, indigestion, torpid liver, dyspepsia, heartburn, sick headache and similar digestive troubles. It never gripes or strangles like pills, tablets, salts and powders, which should not be given to children, women or old folks.

If you have a child or other member of the family who needs, but has never used this grand medicine, send a post card and address to the doctor and a free trial bottle will be sent to your home. In this way you can find out what it will do without personal expense.

Hurt in Runaway Accident.

F. S. Elder, local representative of the National accident and Life Insurance Company, was seriously hurt in a runaway accident Friday morning, on South Main street. Mr. Elder was walking along Main street and was invited by Bud Whaley to ride in a spring wagon drawn by a mule. The mule became frightened and began to run when Whaley steered him into a telephone pole, which demolished the vehicle, throwing the occupants to the ground with great force. Mr. Elder suffered a dislocated knee and was otherwise painfully hurt. He was taken to the office of Drs. Kenney and Dudley, where his wounds were dressed and afterwards taken to his home. Mr. Whaley escaped without being injured in any way.

Watching French Tariff.

American manufacturers are watching with much interest the progress of the new French tariff bill. Under its provisions United States factories, already at a disadvantage, will be further handicapped in meeting the competition of other nations. On many important articles the maximum tariff which American manufacturers pay is increased, while the minimum rates are not changed.

W.B. Reduso CORSETS

The Perfect Corset for Large Women

It places over-developed women on the same basis as their slender sisters. It tapers off the bust, flattens the abdomen, and absolutely reduces the hips from 1 to 5 inches. Not a harness—not a cumbersome affair, no torturing straps, but the most scientific example of cozeying, boned in such a manner as to give the wearer absolute freedom of movement.

New W. B. Reduso No. 770 for large tall women. Made of white cotton. Hems supported front and sides, also made in batiste. Sizes 20 to 36. Price \$3.00.

New W. B. Reduso No. 772 for large short women, is the same as No. 770, except that the bust is somewhat lower all around. Made of white cotton. Hems supported front and sides. Also made in batiste. Sizes 20 to 36. Price \$3.00.

Ask any dealer anywhere to show you the New W. B. "Hip-subduing" models from \$1.00 to \$3.00 per pair.

WEINGARTEN BROS., Mfrs., 377-379 BROADWAY, NEW YORK

THEATRICAL.

THE "MERRY WIDOW."
—The "Merry Widow," presented by Henry W. Savage's famous, original New York Company, intact, is the notable attraction announced by Manager Scott, of the Lexington Opera House for Tuesday and Wednesday evenings and Wednesday matinee, April 6 and 7.

Ever since the great success scored in Lexington by Mr. Savage's admirable Southern "Merry Widow" company, Manager Scott has been negotiating with Mr. Savage for the appearance there of the great organization that presented the Lehár operetta for 52 consecutive weeks at the New Amsterdam Theatre, New York. This company, the finest and largest ever sent out on tour, is on its way to play a spring and summer engagement at the Colonial Theatre, Chicago, visiting en route, only a very few of the largest cities, as Philadelphia, Washington and Pittsburg. But Mr. Scott finally induced Mr. Savage to arrange for the three performances in Lexington, a compliment of a very unusual sort to that community.

This original New York organization is transported on a special train of eight cars, including three sixty-foot cars for the massive scenery, two Pullman sleeping cars and a dinner and two chair cars. The immense amount of scenery and the number of distinguished players in the company, the cast comprising in round figures one hundred persons, makes it impossible for the railroads to carry the organization on the regular trains.

In every detail the cast, chorus, orchestra, costumes, scenery and stage detail of the forthcoming presentation there will be absolutely identical with those given in New York. It is worthy of note, in this connection, that this is the company that drew—during the record-breaking engagement in the metropolis—700,000 music lovers to the New Amsterdam Theatre, with total receipts of more than \$1,000,000.

Among the principal to be seen will be Frances Cameron, Charles Meakin, Franceska Kaspar, Robert E. Graham, Teresa Van Brune, Fred Frear, Ada Jones, William C. Weedon, F. J. McCarthy, Luida Hilliard, H. J. Rehill, Charles Edward Wright. The original famous English Grand Opera Orchestra that won such reclame in Mr. Savage's productions of "Parsifal" and "Madame Butterfly," will also appear, under the baton of Louis F. Gettachek.

The announcement is made that there will be no increase in price, the rates being from 50 cents to \$2.00, and that the advance sale will open on Saturday morning, April 3. Orders sent to Manager Scott will receive prompt attention.

Don't Forget the Date.

We have set April 1 and 2 as the dates to put on display our offerings for spring in the millinery line. Our creations this year will simply be dreams. Our pattern hats are worth coming miles to see. Don't forget the dates.

One Policy Blocking Tranier.

One policy of the old Sun Life Insurance Company held in Kentucky may prevent the transfer of the \$100,000 in bonds deposited with the State Treasurer to the Metropolitan Life of New York. The holder of the policy wants \$500, the face value, before he will consent to give it up.

An Advertising Plan to Boost Cigar Sales.

Oberdorfer has hit upon a unique plan to advertise his cigar business in the following manner: His cigar stand will be known as the "National Cigar stand"—there being 2,500 drug stores throughout the country handling these famous National cigars by the above named.

On Saturdays and Sundays he will introduce the famous "Official Seal" at five cents straight, at all other days they will be 10 cents or three for 25 cents. Stop in and try his Black and White Cigar—a ten cent value for five cents. Don't forget the place.

Old Millersburg Man Dead.

J. R. McCormick, 85 years old, a veteran of the Mexican and civil wars, died at the Confederate home at Higginsville, Mo., last Tuesday, as the result of a fist blow by Jim Cummings.

Cummings was a follower of the noted train and bank robbers, the James and Younger boys, in the days of their maraudings. In a fight Cummings struck the blow that caused McCormick's death. A coroner's jury returned a verdict that McCormick came to his death from a blow delivered by Cummings, but as McCormick was the aggressor, Cummings was held blameless.

McCormick was formerly of Millersburg, this county, leaving there for Missouri about 35 years ago. He was with Morgan in all of his raids and was considered one of his bravest and most daring men. He will be remembered by the old-timers at Millersburg.

Meeting of Bourbon Fair Directors.

The Directors of the Bourbon County Agricultural Society held at meeting at the court house Friday with President Jos. M. Hall in the chair.

The Board decided to offer a special premium of \$200 for a class ring on horses to be determined by the catalogue committee. In addition to this the farmers of Bourbon county are going to offer a special premium of \$250 for the best saddle stallion, mare or gelding.

These specials, together with the specials by individuals and firms and the regular premium offered by the Association will probably aggregate \$5,000. We predict that the Bourbon County Fair for 1909 will eclipse any held in the history of the old Association.

President Hall appointed a special committee, consisting of J. T. Hinton, George Rassenfoss, R. J. Neely and F. P. Lowry, to make arrangements with the city authorities and the Blue Grass Traction Company for the completion of side tracks necessary for the handling of the company's cars during the week of the fair, and, for the furnishing by the latter of a free night current for lighting the grounds during the exhibitions of the carnival company.

The fair grounds were tendered the horsemen of Bourbon county for the annual stallion show which will take place Monday, April 5. The Committee on Music reported the engagement of Weber's band, of Cincinnati, which will furnish music during the week of the fair.
